

Are you planning to sponsor a pilgrim on an upcoming walk? If so, ask yourself these questions:

- When was the last time you went to a sponsorship training session?
- Did you attend the Upper Room Community training we had in June?
- Do you know what the new guidelines are for agape letters?
- Did you know that you cannot serve on a team and sponsor a pilgrim on the same walk?

If you are planning to sponsor a pilgrim but haven't been to sponsorship training since last summer, then it is time to come back for some updated training! And luckily we're having some soon! You can choose between these two opportunities (you only need to come to one!):

- Saturday, February 7th starting at 6pm at Hickory Grove UMC
- Saturday, March 7th starting at 6pm at Weddington UMC

The CCEC Board requests that ALL sponsors should have attended sponsorship training since the community wide training last summer. There are some changes that everyone needs to be aware of, and some lessons learned from sponsor oversights on the most recent fall walks. It is because of our sponsors that our community continues to thrive and it is the most important role you can have on a weekend. Please come join us for training and learn more about becoming the best sponsor possible!

Training is conducted while you eat, and class attendees get to go through the food line first! Come to class and you won't miss out on that dish you love again!
